

PreSet® / PreSet Plus®
Hub Rebuild Kits include:

- ConMet Wheel Seal
- ConMet Bearings
- PreSet® Bearing Spacer

YOUR PRESET®

Return your hubs to factory condition with PreSet® Rebuild Kits

If you own a commercial vehicle that was built in the last ten years, PreSet® or PreSet Plus® wheel hubs were likely installed as standard equipment. When it's time for service, why not opt for genuine PreSet Rebuild Kits and bring them back to their PreSet factory settings?

It's your opportunity to press the reset button with less cost, labor and downtime. And you can count on quality, long-lasting ConMet components in each kit.

Refresh your hubs today with genuine ConMet PreSet / PreSet Plus Rebuild Kits. Call us at **800-547-9473** or visit us at **www.ConMet.com**.

ConMet PreSet / PreSet Plus Hub Rebuild Kit
Include seal, bearings, and bearing spacer.

Wheel Ends / Plastic Components / Aluminum Castings

PreSet® / PreSet Plus® Hub Rebuild Kits
